

Custom
Cabinets

www.beaed.com

Since 1983, Beaed has been a leader in manufacturing and supplying industrial identification products.

With offices in Alvin, TX, Beaumont, TX, Corpus Christi, TX, and Harvey, LA, Beaed services all major industrial areas. Beaed is committed to providing quality products and services to make your work place safe.

In addition to providing safety and facility identification products, Beaed now offers custom built steel cabinets. These cabinets can house almost anything you need to work safely. From work supplies, permits, tags, locks, safety equipment, to PPE, we can build a storage and organizational solution to fit your needs!

With years of experience in the petro-chemical industry, our expert sales staff is knowledgeable in material and application needs that are required in an industrial atmosphere. The sales staff is also dedicated to providing on-site contact and resources for any special service you may require.

Beaded has developed the reputation of meeting the unique needs of its clients. Please feel free to browse our site and allow Beaed to provide you with the products and services you require.

Packaging & Delivery

Whether you have one location, or multiple sites, Beaed can deliver! We'll carefully stock your custom cabinet with any industrial marking materials you've ordered, then pack the cabinet inside and out to ensure a safe trip to your location!

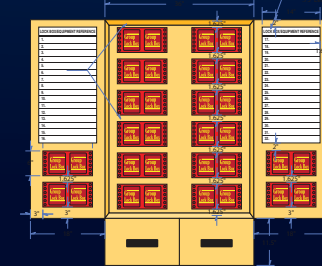

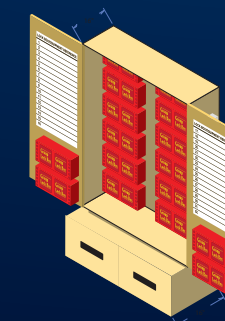

Whatever the need, Beaed has a solution for you! Take a look at some of our work!

Let Beaed take your ideas from concept to completion!

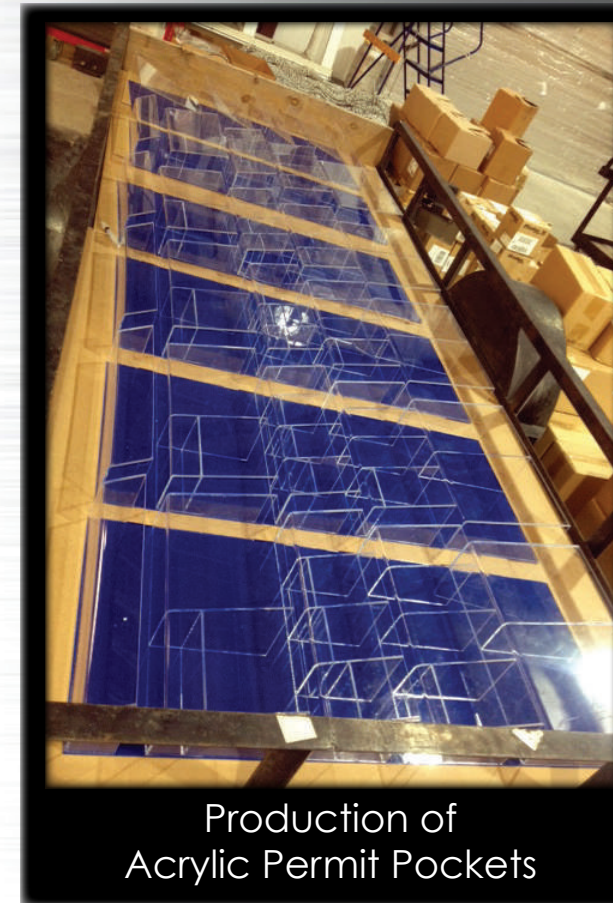

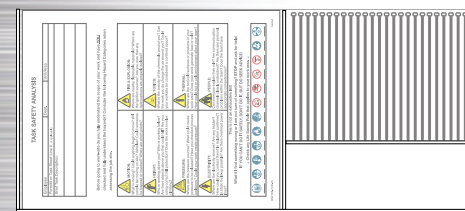

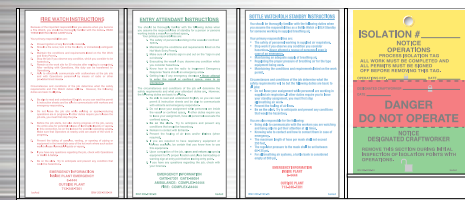

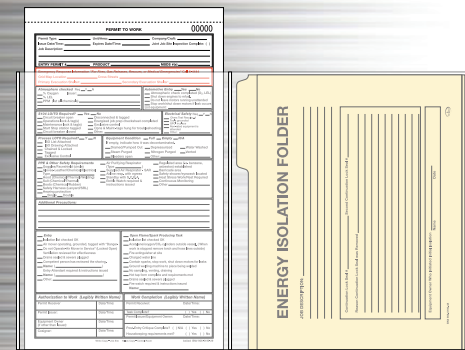

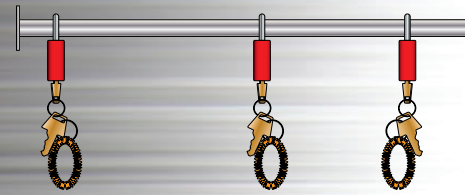

All of our products are Proudly Manufactured in the U.S.A!

Beaed can provide several options and features to suit your specific needs.

We offer cabinets made from aluminum, steel, and stainless steel.

Other features can be customized as well. We can outfit your LOTO cabinet with the following and more!

- Acrylic pockets for permits, tags and supplies
- Casters or forklift pockets
- Bars for hanging locks
- Storage Drawers
- Weather-Resistant Tops
- Lock Boxes
- High Visibility Reflective Striping, Logos and Labels

Production of Acrylic Permit Pockets

All of our cabinets can be painted or powder coated to your specifications. You can also brand your cabinet with your logo or custom graphics! Our in-house art team can create a unique end product that protects what's important while marketing your company!

Ensure maximum visibility with our reflective striping!
